Install

Windows 2000 Installation

To install Windows 2000 follow these steps:

CAUTION. *To avoid data loss, back up any important user files stored on the hard disk. This operating system restoration process reformats the hard disk, which erases any user-installed files and applications.*

1. Install the new TDS5000 or TDS6000, CSA7000, TDS7000 Series Windows 2000 Operating System Restore CD. Follow the instructions provided with the Windows 2000 Operating system CD.
2. Install the new TDS5000 or TDS6000, CSA7000, TDS7000 Series Product Software CD. Follow the instructions provided with the Product software CD.
3. Install the Optional Applications Software on Windows-Based Oscilloscopes CD. Follow the instructions provided with the software CD.

BIOS Update

TDS6000, TDS7000 & CSA7000 only: To update the instrument BIOS, follow the instructions in the Instructions.txt file on the *BIOS Update* CD.
