

Fax Transmission Test Agent

Active Service Assurance

Overview

The Fax Transmission Test Agent allows you to evaluate fax service reliability, and the probability of network and transmission problems according to world standards (ITU-T E.436, E.450, E.451, T.32, T.22, T.24). Test fax service over TDM, VoIP, VoCable and wireless networks.

Fax Service Quality

Proactively test, isolate and resolve fax transmission errors and network-related problems quickly. Monitor Call Completion Ratio, Pages Transmitted Ratio, Calls at Max Speed Ratio and Pages Error Free Ratio.

Key Features / Benefits

- ▶ Identify IP, PSTN and wireless network congestion using fax transmission rate statistics
- ▶ Measure standard call connectivity metrics such as call completion ratio, recorded with call disposition codes for post dial delay and ASR, service troubleshooting
- ▶ Validate fax connectivity performance over VoIP, PSTN, wireless and hybrid networks
- ▶ Quick-disconnect before transmission minimizes long-distance billing charges
- ▶ Test Transmission quality using actual fax pages

Transmission Test Options:

- ▶ ITU 3 page test fax
- ▶ ITU 1 page test fax
- ▶ 1 page custom fax

Measurements

Test Call Progress

Call Identification

- City (caller)
- Destination
- Country
- City
- Number Dialed
- Carrier

Page Transmission

- Post Page Response
- Page Retransmission
- Page Transmission Speed
- Average Transmission Speed
- Transaction Time

Connectivity

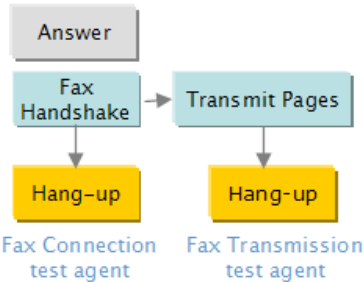

- Off Hook Time
- Call Disposition Codes
- Call Duration
- Hung-up code

Negotiation Parameters

- Negotiated Bit Rate
- Negotiated Binary Transfer File
- Negotiated Error Correction
- Negotiated Page Length
- Negotiated Page Width
- Negotiated Scan Time Per Line
- Negotiated Vertical Resolution

Far-end Capabilities

- Bit Rate
- Binary Transfer File
- Error Correction
- Page Length
- Page Width
- Scan Time Per Line
- Vertical Resolution

For Further Information

Tektronix maintains a comprehensive, constantly expanding collection of application notes, technical briefs and other resources to help engineers working on the cutting edge of technology.
