

# Up to two (2) free calibrations with purchase of Extended Warranty option

Purchase any extended warranty option on a product with a 1 year standard warranty and receive either:

- **The first factory-certified calibration on that product free or**
- **50% off any factory certified calibration option, C3 (two additional calibrations) or C5 (4 additional calibrations)**

Eligible Extended Warranty Options

- **Gold Care Options: G3, G5**
- **Silver Care Options: R3, R5**

Customers purchasing a C5 option will be getting two free calibrations. Now get the assurance knowing that you will always get value from a Tektronix Extended Warranty Option, even if it doesn't unexpectedly need repairs

## Tektronix Silver Care Options are terrific value:

- **Minimize Downtime** – Faster repair time than without coverage
- **No Hassle Service** – No purchase orders, quotes, or approval delays – you are one phone call away from starting the repair process
- **No Additional Repair Costs** – Service plan covers all parts, labor, and transportation
- **“Like-new” Factory Performance** – Instruments returned to like-new factory performance after the repair completed
- **Free Factory-certified calibration** or functional verification after each repair
- **Peace of Mind** – Absolute confidence your instrument is serviced by the people that know it best – the Tektronix engineers themselves.

## Step up to Gold Care and receive the following benefits in addition to Silver Care

- Loaner of equal or higher performance shipped overnight within 24 hours of notification
- All customer caused damage covered, including EOS and ESD
- Priority access to our customer support center

## Factory Certified Calibrations: Service that Tektronix products deserve

- All software and firmware updates installed
- All safety and reliability updates installed
- Up to 10 times the number of points listed in the service manual
- Adjustments always included standard, to return your product to like new performance
