

P7700 Series

TRIMODE™ PROBES
INVESTMENT PROTECTION

BANDWIDTH UPGRADES AND PROBE TRADE-INS

Tektronix provides the Probe Investment Protection Program to assure that your investment in Tektronix probes and performance probes from other vendors will be preserved. The Investment Protection Program offers two options:

- 1. Upgrade the bandwidth of your P7700 TriMode probes.** As your needs change for capturing faster signals or when testing new standards, increase the bandwidth of your P7700 probes.
- 2. Trade in existing performance probes (Tektronix and other vendors) and receive a credit towards purchasing a new P7700 TriMode probe.** Upgrade your existing probe inventory to the improved performance and usability of the new P7700 Series.

Probe Bandwidth Upgrades

As the frequencies of your signals increase, you can now upgrade your probes' bandwidth. The bandwidth of the P7700 Series probes is fully upgradeable. For example, the 8 GHz probe you own today can be upgraded to a higher bandwidth—up to 20 GHz. Plus, the bandwidth upgrade cost will be at a fraction of the cost of purchasing a new probe.

Bandwidth Upgrade Ordering Information

BW UPGRADE (GHz)	MODEL NUMBER	DESCRIPTION/SPECIFICATION
8 to 13	P77BW8T13	P7708 (8 GHz) to P7713 (13 GHz) probe upgrade
8 to 16	P77BW8T16	P7708 (8 GHz) to P7716 (16 GHz) probe upgrade
13 to 16	P77BW13T16	P7713 (13 GHz) to P7716 (16 GHz) probe upgrade
8 to 20	P77BW8T20	P7708 (8 GHz) to P7720 (20 GHz) probe upgrade
13 to 20	P77BW13T20	P7713 (13 GHz) to P7720 (20 GHz) probe upgrade
16 to 20	P77BW16T20	P7716 (16 GHz) to P7720 (20 GHz) probe upgrade

Warranty/Service Contracts for Upgraded Probes

Upgraded units receive a 90-day warranty or the balance of their original warranty, whichever period is longer. Service contracts transfer to the upgraded probe. Contact your Tektronix representative for more details and pricing.

Performance Probe Trade-in Offer

Your current performance probes have value. You can trade in your old probes and receive a credit for the purchase of new P7700 TriMode probe models. Trade in the probes you are no longer using and receive:

- Credit for the value of the older probes
- Improved performance and usability with the new P7700 Series
- Extended long-term product support for your probe inventory

When you trade in a qualified probe, you'll receive a credit towards purchasing a new P7700 probe. The trade-in credit will be equal to a percentage of the local list price for the new probe purchased. The credit percentages are shown in the table below.

Trade-in Credits Available

BW (GHz)	Tektronix Models	Keysight Models	LeCroy Models	Credit Applied to Purchase of New P7700
20	P7520A, P7520 (non-A)	N7003A, N2801A	D2005	35%
16	P7516, P7313SMA	N7002A, N2800A	D1605	35%
12-13	P7513A, P7513 (non-A), P7313	N7001A, N2832A, 1169A	D1330, D1305	30%
8-10	P7508, P7380A, P7380 (non-A), P7380SMA	N7000A, N2831A, 1168A	D830, D1030	25%
6-7	P7506, P7360A, P7360 (non-A)	1134A	D610, D620	20%
3.5-5	P7350, P7330, P7504, P7340A, P7340 (non-A)	N2830A, 1132A, 1131A	D410, D420	15%

The credit for the unit has no cash value and must be applied towards the purchase of a new P7700 Series probe.

Warranty for New P7700 Series Probes

New P7700 Series probes come with a full one-year warranty. Additional service options are available for purchase. Contact your Tektronix representative for more details on the terms and conditions of this offer.
