

PACKAGE EVALUATION SERVICES

A Wide Breadth of Testing Ensures Products Ship Safely

With so much time spent designing and manufacturing quality products, shipping them to customers is a critical variable in the profit equation. That's why market leaders in a variety of industries choose Tektronix for an unmatched breadth of package evaluation services that help keep products protected throughout their journey.

Tektronix customers can access our package testing services at our North Billerica, MA and Wayne, NJ locations. Our customers also benefit from the precision, rigor, and exceptional testing service we've provided for more than 60 years. Most of all, our customers appreciate that working with Tektronix for package evaluation testing results in reduced returns, increased customer satisfaction, and increased profitability.
