Take an additional 15% off select Encore products

**SPECIAL
PROMO**

The Encore Edge

Improve productivity and accuracy with factory-certified, performance-ready equipment that fits your budget. All Tektronix Encore products have been tested, calibrated and reconditioned to original factory specs, so they get the job done for less.

Not new, not used

Most Tektronix Encore products have only served as tradeshow displays or sales demos, so they've been minimally handled.

Same Tek guarantee

Encore products include the same industry-leading warranty coverage as all Tektronix products.

Take 15% off the following models now through the end of the year

* Sample products not actual instruments.

Oscilloscopes

Select products include: DP070000SX Scopes, DP0/MS070000DX, DP07254C, DP07354C, DP070E1 (accessory) and MD04104C.
